**Notes**

Where an IMO bears a suffix of \*, this indicates that the final digit has been calculated and is not from an official source.

Abbreviations are as used in Lloyd's Shipping Index published by Lloyd's MIU 2006 and acknowledged as such.

The content has been researched from authoritative sources (principally Lloyd's Register's of Ships - published by the Lloyd's-Fairplay Group; and various web sites including Equasis). Again full acknowledgement is made.

Some lists produced may only cover ships seen on a particular date, but the date column is retained on such lists for uniformity.

Please note this list is produced for non-commercial use of shipping enthusiasts only. No responsibility is accepted for any errors or omissions or their consequences.
