WSS SOUTHAMPTON ANNUAL SOLENT TRIP - SHIP LIST - 2019

No.	IMO No.	Ship's Name	Built	Gt	Dwt	Type	Flag	Date	Location
-----	---------	-------------	-------	----	-----	------	------	------	----------

Notes

Where an IMO bears a suffix of *, this indicates that the final digit has been calculated and is not from an official source.

Where a GT bears a suffix of *, this indicates a displacement tonnage.

Where an entry is in *italics* then this indicates that we have not been able to confirm entries in Lloyd's Registers or they are naval or ancillary vessels. *Italics* are also used for subsequent sightings of a vessel during the trip at either a different location, or on a different date.

Codes are similar to those that were as used in the late lamented Lloyd's Shipping Index published by Lloyd's MIU up to 2012 and are acknowledged as such.

The content has been researched from authoritative sources (principally Lloyd's Register's of Ships - published by the Lloyd's-Fairplay Group; and various web sites including Equasis and Marine Traffic). Again full acknowledgement is made. Other members of the World Ship Society and Solent Maritime have contributed information for which the compiler is grateful and acknowledges with thanks in particular Krispen Atkinson (in resolving identification issues). Thanks are also due to Neil Richardson who liaised with the skipper of the SOLENT CAT to ensure that exploited the day's photographic opportunities and last, but not least, our thanks go to Peter Smith, Andrew Hogg and the Committee of the Southampton Branch of the WSS for their yet again professional organisation and arrangement of the trip and to the Captain and Crew of the SOLENT CAT who made us most welcome and put much effort and co-operation into making our day a resounding success - and thank you all for your company.

Some lists produced may only cover ships seen on a particular date, but the date column is retained on such lists for uniformity.

Please note this list is produced for non-commercial use of shipping enthusiasts only. No responsibility is accepted for any errors or omissions or their consequences. Apologies are offered to the authors/publishers of any sources used for reference purposes but not specifically acknowledged above.

This list is not exhaustive and only contains details of ships sighted by the compiler.
