WSS SOUTHAMPTON ANNUAL SOLENT TRIP - SHIP LIST - 2021

---

No.	IMO No.	Ship's Name	Built	Gt	Dwt	Type	Flag	Date	Location
-----	---------	-------------	-------	----	-----	------	------	------	----------

**Notes**

Where an IMO bears a suffix of \*, this indicates that the final digit has been calculated and is not from an official source.

Where known displacement tonnages are shown below the main ship details.

Where an entry is in *italics* then this indicates that I have not been able to find an IMO for that ship. *Italics* are also used for subsequent sightings of a vessel during the trip at either a different location, or where the list covers more than one date, on a different date.

Codes are similar to those that were as used in the late lamented Lloyd's Shipping Index published by Lloyd's MIU up to 2012 and are acknowledged as such. Additional codes have been created to cover ship types not normally recorded in the old Indexes.

The content has been researched from authoritative sources (principally IHS' Lloyd's Register's of Ships and various web sites including Equasis and Marine Traffic). Again full acknowledgement is made. Other members of the World Ship Society and Solent Maritime have contributed information for which the compiler is grateful and acknowledges with thanks in particular Krispen Atkinson, Phil Simons and David Walker (in resolving identification issues). Thanks are also due to Neil Richardson who liaised with the skipper of the ALI CAT to ensure that we exploited the day's photographic opportunities and last, but not least, our thanks go to Andrew Hogg and the Committee of the Southampton Branch of the WSS for their yet again professional organisation and arrangement of the trip and to the Captain and Crew of the ALI CAT who made us most welcome and put much effort and co-operation into making our day a resounding success - and thank you all for your company, especially welcome this year after our long enforced break.

Some lists produced may only cover ships seen on a particular date, but the date column is retained on such lists for uniformity.

Please note this list is produced for non-commercial use of shipping enthusiasts only. No responsibility is accepted for any errors or omissions or their consequences. Apologies are offered to the authors/publishers of any sources used for reference purposes but not specifically acknowledged above.

This list is not exhaustive and only contains details of ships sighted by the compiler; should you notice any errors, either in ship's details or locations, please email me so that I can avoid a re-occurrence in future lists.

I cannot close this year without paying tribute to Bernard McCall whose company, along with Doreen and Iain, we enjoyed on this and many previous Solent cruises. It was always good to have Bernard with us as this also enabled many of us with the opportunity to purchase the latest books. R.I.P. Bernard, your presence will be greatly missed.
